## High quality drinks for the office and workplace

Quality | Satisfaction | Sustainability

The **Evolution** range provides a truly versatile drinks vending solution for all environments where a high quality beverage needs to be served quickly and efficiently. The machines offer a full range of instant, freshbrew and bean to cup drinks, an extensive selection of still and carbonated cold drinks and now you can “enjoy more” with the 12oz model\* which brings the coffee shop experience to your business or workplace.

\* The 12oz “enjoy more” Evolution is a standard machine available in silver only, fitted with a different cup drop unit and cup turret that dispenses 12oz paper cups. Machines can also be specified with an optional sip lid dispenser to complete the “coffee-to-go” experience.

### SATISFY TASTE, DRIVE UP SALES

# café culture

A great cup of coffee served in a 12oz cup, a delicious freshly brewed leaf tea or a large, frothy cappuccino. All of these quality beverages plus a wide range of speciality selections are available from the **Evolution**, Crane Merchandising Systems' market leading freestanding drinks solution. Today, more than ever consumers demand more: more taste, more aroma, more choice and more value. Evolution delivers the perfect beverage...every time!

### Bring the high street Coffee Shop to your workplace!

Evolution bean to cup machines feature the compact CoEx® brewer which allows both full flavoured bean to cup selections as well as freshbrew coffee to be produced from a single unit.

Savour the aroma and full flavour of coffee brewed from the bean, enjoy a long smooth freshly brewed filter coffee, or choose one of the many speciality selections all served to perfection.

- Produces low pressure freshbrew coffee and high pressure bean to cup selections from single, compact CoEx® unit
- Versatile CoEx® unit also allows bean to cup coffee selections to be brewed under low pressure
- Paper cups for that authentic coffee house experience
- 12oz model increases the experience with more aroma, more taste and more enjoyment
- CoEx® brewer unit can be quickly and easily removed and cleaned in hot water
- Optional freshbrew paperless tea pot brewer. Great tasting tea from a simple, reliable and easy to maintain unit

### Caring for the environment & reducing operating cost

Continuing CMS' goal for providing a range of environmentally friendly products, Evolution features **power save** software, reducing energy consumption whilst keeping the machine “vend ready”. A bean to cup Evolution in energy save mode uses 37.9% less energy per hour than when in idle mode while Instant and Freshbrew models use 27.7% less energy per hour!

### A sustainable partnership

With over 80 years vending experience, strong, continuous investment in NPD, and focus on quality in everything we do, CMS is your long term partner when it comes to providing high quality vending solutions, after sales support and complete peace of mind.

- Maximum Reliability
- Increased Profitability
- Consistently Delivered
